- c) The cause of Mr Bennetts' death was head and chest injuries; and
- d) Mr Bennetts died on 4 September 2022 at Tasman Highway, Tonganah, Tasmania.

Mr Bennetts died when the vehicle he was driving left the road, rolled over in a drainage culvert and crashed into a power pole off the northern side of the Tasman Highway at Tonganah.

He suffered massive injuries including fractures of his skull, face, jaw, ribs and spine. Those injuries were almost immediately fatal.

Mr Bennetts was intoxicated at the time of the crash. There is also evidence that he was suffering from fatigue.

I am satisfied that no other person was involved in the crash. I am also satisfied that the condition of the road surface and the weather did not cause or contribute to the happening of the crash. I note the vehicle he was driving was in a sound mechanical condition.

There are no suspicious circumstances associated with Mr Bennetts' death.
