### Publication of Daily Court Lists

Currently the Magistrates Court publishes its daily court lists on its website at: [https://www.magistratescourt.tas.gov.au/daily\\_court\\_lists](https://www.magistratescourt.tas.gov.au/daily_court_lists). The lists include the charges relating to each person's appearance. There is no legal or other requirement that charges be published as part of the court list.

In an effort to prevent or minimise the inappropriate publication of information, particularly information that is available long after the day to which the list relates, the Court will stop publishing charges on its website. This change will come into effect this week.

The Court recognises that many court users use the daily court list for valid reasons. Individuals seeking information on their own appearance, lawyers acting for people appearing, and accredited members of the media may email the Court to obtain information on particular appearances.

Email enquiries should be sent to the appropriate registry using the following addresses:
